Hi Taim,

Please find attached the current version of the TMDL for your initial review. Give me a call when you get a chance to look at this. I need some help from you to complete certain sections. But, also I would like to know your comments in terms of critical sections that is missing or rectified. I am going to add the Appendix D and pull some other sections that are currently missing, but thought of getting this out to get an initial comments.

Regards,
Sabu.
